OmniMount Expands Ceiling Mount Range

SmartHouse Team - Monday, 3 December 2007

Display mount specialist OmniMount has expanded its range of ceiling mounts with a new single ceiling mount with a universal adapter (SCMUA).

This ceiling mount allows for portrait or landscape viewing, tilting up to 300 in 50 increments and security locking.

Housing flat panels of sizes from 37- to 63-inches, the SCMUA can support up to 90.7 kg. It also comes with the UAL universal mounting adapter.

The brand's local distributor, Convoy International says the product, like other OmniMount models have long-term reliability due to their high quality, innovative design.

RRP: \$499
